

The best kind of kindness comes from the heart

*Kody Johnson
Anthony Clingenpeel*

Two teenage boys, attempted to change the world. A prayer for all those in need; donations to all as well. We each have done something good for the community; AJ prayed for those in need and Kody gave five dollars to a homeless person.

A donation helps all kind of people. It might help a food drive or a church in need. It could also help a hospital that needs help that can't pay for things or equipment. Kody's donation possibly fed a homeless person.

A prayer can help all who are in need. AJ's prayers went to those who are injured, the poor, the homeless, and the hungry. AJ prayed that first time for a grade, but continues to pray to help people.

AJ and Kody prayed and donated to all those in need. Kindness is just the beginning of all that is good.
